

# ELEVATED DENVER INNOVATIVE SOLUTIONS TO HOMELESSNESS

When Myra joined **Elevated Denver's Collaboratory**, what she found was unlike anything she'd experienced before: business leaders, service providers, & community members with lived experience coming together as equals to design real solutions.

Through co-design and collective problem-solving, Myra helped create the **Community Resource Connection Hub**—a solution she believes will fill a critical gap.

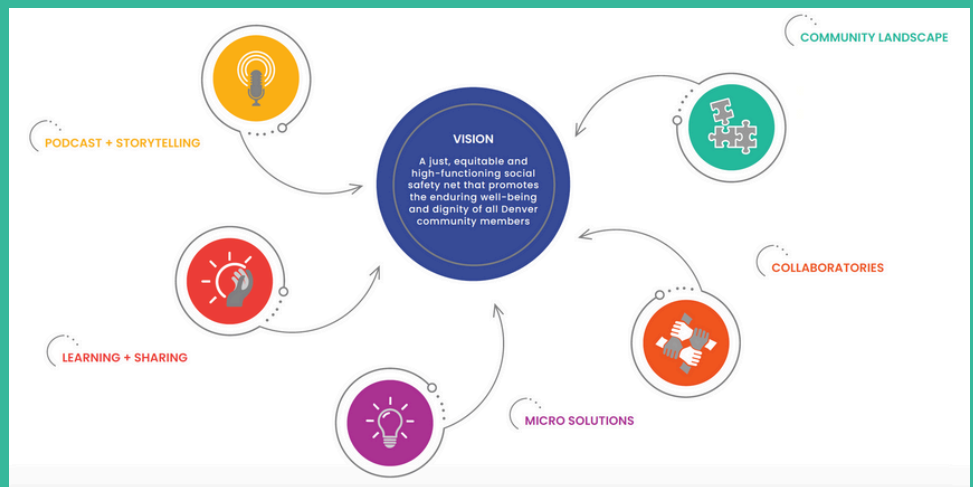

*This is going to be HUGE.*

## Elevated Denver's Approach

Elevated Denver is solving homelessness by combining powerful storytelling, deep research and collaborative design to create sustainable, root-cause solutions, that fix the system failures fueling our homelessness crisis.
